

Grade 9-12 Science

September 2022

<http://stemnorth.nbed.nb.ca/>

Welcome Back!

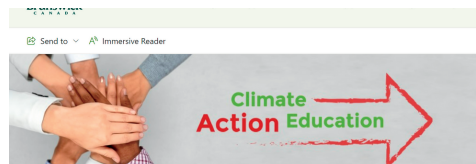

We hope you had an enjoyable and restful summer. This year, our Science Team includes Joey Savoy as Science Coordinator and Krista Nowlan as Science Lead. We are looking forward to an exciting year in Science with you!

ASD-N Science Team

In Local News...

Congratulations to Amy Barrieau, from Max Aitken Academy in Miramichi, on receiving the APEGNB STEM Teacher award for 2021-2022! Ms. Barrieau strives to create opportunities for students to solve real-world problems through creative thinking, problem solving, and engineering. Check out some of her impact [HERE](#). Who will you nominate in 2022-2023?!

Climate Action Grants

Looking for funds to support your teaching about climate change? Looking for ways to reduce your carbon footprint?

Assess your NB curriculum outcomes through climate action education and apply for a New Brunswick Climate Action Education Grant. Check the [EECD](#) site for more [resources](#).

Try This!

NOW YOU SEE IT...or do you?

A large glass beaker sits in front of you. It contains something. You are asked to make observations. But of what? Can you see the answer?

[Inquiry Activity](#)

[Activité d'enquête](#)

This Inquiry activity supports GCOs 1 and 2 of the renewed Grade 6-10 Science Curricula.
