

Climate Action Funding Opportunities for 2023-2024

World Wildlife Federation - [Go Wild Grants](#) (Up to \$1500)

Do you have an idea to help nature thrive at your school or campus? Are you interested in leading a project that gets your school community more involved in environmental action?

Students and educators are invited to apply for a Go Wild Grant by October 23, 2023, to bring their project to life!

Learning for a Sustainable Future – [Project Action Funding](#) (Up to \$500)

Learning for a Sustainable Future provides funding for students and teachers to engage their school and community in climate Action Projects. This includes any action that is student-led and contributes to the sustainability of your school or community—the only limit is your students’ imagination! Grants open on a rolling basis throughout the year.

ASD-N [Innovation Grants](#) (Up to \$1000)

Deadline Oct 24th 2023

Examples:

- Developing a more personalized approach to learning through project-based or inquiry learning
- Making the global competencies come alive in your classroom
- Experiential learning opportunities
- Outdoor learning opportunities

Farm to Cafeteria Canada – [Dig in! Seed Grants](#) (Up to \$3000)

New for the 2023/24 school year, Farm to Cafeteria Canada, in partnership with the Schad Foundation, is pleased to announce flexible grants to support schools looking to get started on their farm or local food to school journeys. These grants are intended to help improve school food environments by increasing access to healthy, local and culturally appropriate foods in schools and/or improve opportunities for hands-on learning through food and food systems.

Climate Action Funding Opportunities for 2023-2024

Tree Canada – [Community Tree Grants](#) (Up to \$10,000)

Each year, Tree Canada helps schools, community groups, Indigenous communities and municipalities across Canada looking to plant trees or develop green infrastructure through creative projects.

This includes supporting planting projects as well as developing and implementing urban forest best management practices and innovative urban design solutions.

Our grants provide support for community greening, innovation and stewardship initiatives. Grant recipients receive funding and technical support to help start, upgrade, or achieve their greening goals.

Tree Canada's *Community Tree Grants* program will be accepting applications from October 10th to December 3rd, 2023.

Canada Post – [Giving Back to Our Communities](#) (Up to \$5000)

Examples:

- educational field trips
- participation in school-organized humanitarian efforts

Brilliant Labs – [Project-Based Learning](#) (\$ Varies)

These projects aim to promote the use of technology, coding, creativity, innovation, and entrepreneurship into learning for K-12 students.

Examples:

- Biomaking
- Upcycling
- Other Creative 'Sustainability' projects

Ingenious+ Youth Innovation Challenge – [Climate Change and the Environment](#) (Up to \$1000)

Innovating for a green future: Your innovation helps in the fight against climate change, promotes sustainability, and/or benefits the environment. Ingenious+ gives youth in Canada aged 14 to 18 the opportunity to innovate for good, and to share strategies for improving our world. Innovation is about doing something better to make an impact.

NBTF – [Teacher Professional Learning Grant Application](#)

The primary purpose of the activity for which the grant is requested must be teacher professional growth.

Climate Action Funding Opportunities for 2023-2024
