

# Science

October 2023

## Welcome Back!

We hope you've had a great start to the 2023-2024 school year! This year, our Science Team includes Joey Savoy as Science Coordinator, and Krista Nowlan as Science Lead. We are looking forward to an exciting year in Science with you!

## Getting Started

If you are new to Science Education, are looking for support with the renewed or holistic curriculum, or are just looking to try something new, check out our [Getting Started](#) tips on STEM North. Also refer to our [Science Support](#) flyer for a description of the support types we can offer this year.

## Partners

### Science East

Each month, this section will highlight one of our partner organizations. Science East can support you and your class this year with workshops, field trips, Planetarium visits and STEM Kit bookings. See their [Programming Guide](#) for more information and ask about EECD grant opportunities for Planetarium visits.

**TAKEAWAY TUESDAYS**

Join us Tuesdays 3:30-4:00!

## Professional Learning Takeaway Tuesdays

Join the Anglophone District Science Leads & Coaches on Tuesdays at 3:30 for a Science 'Takeaway'. We will share a 10 min. takeaway, a few quick updates, followed by a few minutes for prizes, questions, suggestions and sharing. See link in 'On the Calendar'. →

## Total Solar Eclipse April 8th, 2024

Parts of New Brunswick will experience a total solar eclipse on April 8th, 2024, with some ASD-N areas in direct line to experience totality for over 3 min! This is a rare, once-in-a-lifetime event for NB as the last one observed here was in 932 and The Maritimes won't see another until 2079. Watch for updates on resources, challenges and other opportunities leading up to this spectacular celestial event!

## Try This...

Get your students observing!

Can you figure out what's in the box without opening it?!
