

# Science

September 2025

Ms. Breau's Gr. 6 class – Gretna Green 2022 – 'Walk in Wonder'

## Welcome Back!

We hope you had a rejuvenating summer and we are excited to dive into Science in ASD-N with you this year. Our Science team includes **Joey Savoy** as Science Coordinator, and **Krista Nowlan**, returning as Science Lead.

## Supports

Please check out the following resources to see how our team can support you in Science education this year:

**Science Support Description and Request Form**

**Microsoft Teams**

K-5

6-8

9-12

**STEM North Website - Resources and Updates**

## Partners

Each month we will highlight partner organizations that are available to support you in Science education. We will start the year highlighting **Let's Talk Science**. LTS is a Canadian charitable organization that provides PL, and access to curriculum-based resources and programming. All resources and supports are available in English and in French.

## Professional Learning

Throughout the year, Professional Learning will be available in-person, virtually, and online. PL can be tailored to your school's needs and there are also many courses and modules available online such as the **K-12 Science Modules** developed by the 4 Anglophone School Districts.

**plhub**

## On the Calendar

On-Demand  
Centres of Excellence -  
Energy & Health: Speaker Series

Learn from Energy & Health experts as you navigate a day in their work-life, explore their different projects, or enjoy a topic-based mini lecture.

Throughout the Year  
**Let's Talk Science - Events & Series**

Gr K-3 STEM Storytime  
Gr 4-6 Virtual STEM Club  
Gr 4-6 Daily Discovery  
Gr 9-12 Let's Talk Symposiums

## Try This!

*What is the difference between looking and seeing? Hearing and listening?*

**Take a walk, and discover!**

**Walk in Wonder**

**Marcher dans l'émerveillement**
