

STEMfest

2016

Saturday, May 14th - MVHS

stemnorth.nbed.nb.ca/stemfest2016

A free, exciting, all-day forum with specifically designed sessions for students, parents, and teachers! Something for everyone!

Students will work together to build and program a robot which can navigate an obstacle course, transport scientific samples to a lab on a different planet, and even play a soccer game on Mars!

During STEMfest students will:

- Learn to build a robot
- Learn to program a robot
- Learn to design and 3D print an object
- Work in teams to problem solve and overcome challenges
- Develop a short Green Screen movie for your robot

What's the Schedule for the Day?

9:30-10:00	On-site check-in
10:00-10:30	Opening with Jacob Lingley
10:30-12:00	Student Robotics Challenge
12:00-12:30	Lunch
12:30-1:00	STEM Showcase
1:00-2:30	Student Robotics Challenge
2:30-3:00	Closing with Dr. Grant Williams/Awards&Prizes

To register for STEMfest 2016:

Option 1 - Fill out and return the information slip below. (Note: The Student Robotics Challenge is a full day session with a break at lunch.)

Student Name: _____ Parent Name: _____

Grade Level: _____ Yes, I will be attending session for parents

School: _____ No, I will not be attending STEMfest

Parent/Guardian Signature: _____

Option 2 - Visit - stemnorth.nbed.nb.ca/stemfest-parent for additional information and to Register Online
